National Test of the Wireless Emergency Alert (WEA) and Emergency Alert System (EAS)

On 10/03/18, the Federal Emergency Management Agency (FEMA), in coordination with the Federal Communications Commission (FCC), will conduct a nationwide test of the Emergency Alert System (EAS) and Wireless Emergency Alerts (WEA).

- The test will assess the operational readiness of the infrastructure for distribution of a national message and determine whether improvements are needed.
- At 1118 hours, the WEA test message will be sent to cell phones that are connected to wireless providers participating in WEA.
- At 1120 hours, the EAS message will be sent. EAS is a national public warning system that provides the President with the communications
 capability to address the nation during a national emergency. The test is made available to EAS participants (i.e., radio and television
 broadcasters, cable systems, satellite radio and television providers, and wireline video providers) and is scheduled to last approximately one
 minute.

Emergency Management Assistance Compact (EMAC) resources provided by Cal OES

In support of Hurricane Florence, Cal OES provided resources to the States of Virginia and South Carolina under the Emergency Management Assistance Compact (EMAC). Below are the corresponding mission numbers:

- 2018-SOC-51783: Cal OES personnel providing State EOC support
- 2018-SOC-51801: Santa Clara County to provide Local EOC support in North Carolina
- 2018-SOC-51804: San Francisco to provide Local EOC support in North Carolina
- 2018-SOC-51829: San Joaquin and Stanislaus Counties to provide Mental Health support at shelters in North Carolina
- 2018-SOC-51825: Department of Social Services to provide FAST Teams to North Carolina

Cal OES continues to work with the impacted states to determine additional resource needs.

SITUATION SUMMARY

Cal OES COASTAL REGION

Nuclear Power Plant Exercise, Diablo Canyon Power Plant (DCPP), San Luis Obispo County

On 09/19/18 there will be a full scale exercise at Diablo Canyon Nuclear Power Plant (DCPP) in San Luis Obispo County. This is a dress rehearsal (training) exercise in preparation for the FEMA evaluated exercise on 10/24/18.

- Participants will include the utility and local, County, and State agencies demonstrating their ability to protect the public during an emergency at DCPP.
- Cal OES will participate in the exercise at the San Luis Obispo County Emergency Operations Center, Joint Information Center, and the California State Warning Center.
- The State Operations Center and Southern Regional Emergency Operations Center (REOC) will not be participating.
- Staff from several state agencies will also participate at the county.

SITUATION SUMMARY

Cal OES SOUTHERN REGION

Virulent Newcastle Disease (VND) in Backyard Poultry and Avian in Los Angeles, San Bernardino, and Riverside Counties

The California Department of Food and Agriculture (CDFA) has detected Virulent Newcastle Disease (VND) in chickens in Los Angeles, San Bernardino, and Riverside Counties.

 On 08/15/18, CDFA and the United States Department of Agriculture (USDA) Animal and Plant Health Inspection Service (APHIS) have confirmed VND in a single backyard flock of exhibition chickens in the City of Santa Paula, Ventura County.

Declaration

• On 06/26/18 at 1840 hours, CDFA has declared an Agricultural Emergency to provide the department the authority to activate internal emergency provisions and to expedite the request for permits and waivers required to perform designated activities under an emergency basis.

Quarantine

- The CDFA State Veterinarian has established an animal (defined poultry species) and animal products quarantine in designated disease control areas in the counties of San Bernardino and Riverside. The quarantine is effective Monday, 07/09/18.
 - On 07/26/18, the unincorporated community of Mentone was released from the control zone.
 - On 07/30/18, the City of Highland was released from the control zone.
 - On 08/05/18, the City of Fontana was released from the control zone.
 - On 08/20/18, the City of Rialto was released from the control zone.
 - On 09/01/18, the unincorporated area of Bloomington was released from the control zone.
- Effective 08/14/18, The CDFA State Veterinarian-Director has established an additional animal (defined poultry species) and animal products area quarantine (VND2) in designated disease control areas in the counties of Los Angeles County (cities of Compton and El Monte), and San Bernardino County (City of Chino).

Activations

• San Bernardino Operational Area (OA) EOC is activated to Level 3 (lowest level) and will continue to monitor the incident.

Deployments

• 1 Cal OES Southern Region Senior Emergency Services Coordinator (ESC) is deployed to the ICP as an Agency Representative (AREP). Operational Period of 0700-1900 hours.

WEATHER SYNOPSIS BY REGION

NORTHERN CALIFORNIA

- High Risk Tonight and Thursday for Gusty N-Ne/Offshore Winds Sacramento Valley and Surrounding Foothills, Southern Mid Coast, and Santa Cruz/Diablo PSAs.
- A low pressure trough overhead this morning will move off to the east later today, leaving a weak and broad high pressure ridge overhead through Sunday. After a weak trough passes Monday high pressure will return.
- N-NE/Offshore wind pattern will develop tonight through midday Friday throughout the Sacramento Valley and surrounding foothills and on the mid and upper slopes throughout the Bay Area, including Napa, Sonoma, and Marin Counties to the north.
- Peak gusts will be 25-35 mph Thursday morning, with isolated wind-prone spots seeing slightly higher gusts. Winds late Thursday through early Friday will be significantly lighter, but still N-NE/Offshore.
- Poor relative humidity (RH) recovery, to only 15-35%, will be common tonight and Thursday night, and a few pockets of dry air on mid and upper slopes remaining Friday night. Minimum afternoon RH 8-18%, lowest in breezy areas.
- No precipitation is expected and temperatures will be above normal during the 7-day period.

SOUTHERN CALIFORNIA

- A trough will continue to produce breezy and relatively cool weather today. Warmer and less windy weather will return Thursday and Friday before temperatures cool down slightly over the weekend.
- Northwest winds of 20-30 mph will continue across the Kern County Mountains into the Antelope Valley today.
- North winds of 20-30 mph along the I-5 Corridor and Santa Barbara County, mainly this morning.
- Temperatures will be below normal today with highs in the 70s in the mountains to the 80s in the valleys. But highs will reach the mid and upper 90s in the valleys by Friday before cooler, onshore flow returns this weekend.
- Minimum RH will be in the 8-12% range today above 4,000 feet. RH will gradually increase Thursday into the weekend and most areas will see minimums above 15%.
- A weak offshore wind event the first one of the season will be possible around the middle of next week.
